MY PROFILE

Ketut Susilo

As a dedicated professional with a passion for visual communication, I bring a unique blend of creativity and strategic thinking to every project. My expertise lies in transforming complex ideas into compelling visual narratives that resonate with audiences and drive engagement.

INTRODUCTION

Many local restaurants struggle to attract customers because their website content is:

- unclear
- outdated
- not engaging
- missing strong call-to-actions

This project uses Prompt Engineering and AI tools to generate professional website copy for a restaurant business.

- The goal is to create:
- Homepage content
- Service descriptions
- CTA sections
- SEO-friendly content
- Customer-focused messaging
- using structured prompts.

OBJECTIVE

The objective of this project is to design a prompt framework that can:

- ✓ Generate homepage copy
- ✓ Create restaurant service descriptions
- ✓ Write persuasive CTA content
- ✓ Generate SEO-friendly website text
- ✓ Adapt tone for restaurant branding
- ✓ Produce ready-to-publish website copy

SELECTED BUSINESS DEATILS

Spice Garden Restaurant is a modern dining destination in Hyderabad known for its authentic Indian and Chinese cuisine. The restaurant focuses on delivering high-quality food, excellent customer service, and a comfortable dining experience for families, students, and working professionals. With freshly prepared dishes, a welcoming ambiance, and affordable pricing, Spice Garden aims to create memorable experiences for every customer while building a strong local brand presence through effective website communication and AI-generated marketing content.

Act as an expert restaurant website copywriter and branding strategist.

Conclusion

This project demonstrates how Prompt Engineering can help local restaurants generate professional website copy quickly and cost-effectively.

Using structured prompts, AI can create:

- Engaging homepage content
- Persuasive CTAs
- SEO-friendly text
- Customer-focused messaging

This framework can also be adapted for:

- Cafes
- Clinics
- Salons
- Coaching centers
- Agencies
- Small businesses
